IT solutions that work for your home or business.

AT ZONETECH GROUP WE PROVIDE CUTTING-EDGE SERVICES WITH A FANATICAL APPROACH TO QUALITY SUPPORT.

IT Support

ZoneTech Group proudly offers IT support solutions and managed IT support services to various businesses and homes throughout Buffalo Grove and Northwest Suburbs of Chicago.

Computer Repairs

If your computer won't start because of the physical damage, failed component or OS related issues, we will identify the issue and replace any failed parts, physically damaged component or diagnose and fix OS related problem.

Virtualization

We can plan, setup and manage your virtual hosts, servers and applications. Hosted or bare metal hypervisors supported.

Anti-Virus

We offer anti-virus and anti-malware services, and can clean any existing infections from your system.

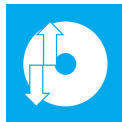

Cloud Computing

We can manage and support a cloud environment, and make your data and application available to you anywhere.

Networking & WiFi

Whether simple or complex, we can design, setup and manage your home or company's high speed network and wireless internet.

Backup & Recovery

We offer data backup and recovery solutions that protects your data and keeps it safe. It's important for businesses to plan ahead and put data backup systems into place in case the worst happens, well before it happens.

Laser Printer Repair and Preventative Maintenance

We will provide complete Laser Printer Tune-up and Preventative Maintenance Inspection & Repair Service to bring your printer(s) up to peak performance.

Managed IT Support

Monthly service contracts and break/fix IT support services and Laser Printers routine maintenance. We take care of all your company's IT support needs.

Workstation Support

We can provide top-notch support for Windows, Linux and Mac users, workstations and environments.

Server Support

We can setup and manage every aspect of your server from active directory to remote desktop and virtualization.

flexible solutions for your IT needs
